VERSE 1

We come here before You
The Author of Life
Our hands reaching for You
In awe of Most High

VERSE 2

Lord we long to hear from You
To be shaped by Your heart
We're singing thank you
Bringing hope to the scarred

CHORUS 1

Saviour, holy and just, oh, to love like You do
Saviour, holy and just, oh, to love like You do
Saviour, holy and just, oh, to love like You do
We welcome the stranger, we welcome You

VERSE 3

You walk with the lonely
Eat with the poor
Died amongst thieves, but
Death holds you no more

CHORUS 1

Saviour, holy and just, oh, to love like You do
Saviour, holy and just, oh, to love like You do
Saviour, holy and just, oh, to love like You do
We welcome the stranger, we welcome You

BRIDGE

Oh let us know Your ways
To seek Your face
